EDUCATION WEEK: May 4-8, 2009

THEME: "The OSSTF/FEESO Educational Team - a vital part of your community."

ACTIVITIES: Annual Meeting of the District Assembly (AMDA)
Student Achievement Awards in Honour of Marion Drysdale Presentation
Commitment to Education Award Presentation
D10 Dialogue - Education Week Edition - Looking for submissions
Press Release giving history of Education Week and highlighting D10 Activities

During Education Week, districts are encouraged to advertise good news stories, sponsor events, host exhibitions and to undertake any activities that demonstrate that education is Ontario's best investment.

Education Week is an OSSTF/FEESO initiative that began in the early 1930's and has evolved over time. In the last number of years, some school boards have successfully taken over the event, making Education Week their own. OSSTF/FEESO has recently begun the process of taking Education Week back into our own hands.

N.B. Good news stories from Branches are being sought for the D10 Dialogue.
