

### 2009-2010 Staffing Timelines

This time of year can cause concern especially for our younger members. Teachers should refer to Article 21 of the Collective Agreement, now posted on line at [www.osstfd10.ca](http://www.osstfd10.ca), to review staffing timelines. The Principals will keep Branch Presidents informed throughout the staffing process and provide information in accordance with article 21.10.3.

To date we have received seventeen retirement letters. Also, the Provincial Discussion Table Framework Agreement provides the additional hiring of 2.4 teachers in the 2009-2010 school year. These two items will reduce job loss due to declining enrolment.

### Day of Mourning

On Tuesday, April 28, 2009 please join with others in your community or workplace to reflect on how lives are affected and lost by unsafe and unhealthy work environments. In both Sarnia and Chatham, the memorial services are being held outside school hours so it is possible for our members to attend.

#### **Sarnia & District Labour Council**

Service: Victims of Chemical Valley Monument, Centennial Park, Sarnia at 6:00 p.m.

A reception at OHCOW will follow the service with keynote speaker Mark Parent, Executive Director, OHCOW
