

**DISTRICT COUNCIL MEETING**  
**June 3, 2009**

**HEALTH & SAFETY REPORT**  
**(Kris Lee)**

*OSSTF*  
*District 10*

Since the Annual Meeting in May the Board has conducted pilot Health and Safety Management System Audits of two high schools, North Lambton Secondary School and Blenheim District High School. Mike Dodman and I conducted the Audits and sent preliminary reports to the Board. They will be compiled into a single report so no specific schools or staff will be identified. The challenge for next year will be to decide how or if the recommendations can be implemented. I suggest that this be a focus area for my successor next year.

Director Gayle Stucke asked me to make a brief presentation at the May 2009 School Board Meeting about the Jennifer MacLean Health and Safety Award and the initiatives underway in our area. Hence the press release from the Board. This precipitated the media coverage on CFCO Radio and Wallaceburg Courier Press.

The last Joint Health and Safety Committee Meeting for this year is June 11, 2009.

The Level 2 Site Specific Health and Safety Course was completed the last week of April. There will be another Level 2 offered Tuesday, July 14, Wednesday, July 15 and Tuesday, July 21. If you wish to attend, please contact me as soon as possible.

For your year-end Branch meeting, please verify or nominate your site representatives and email the OSSTF District office ([office@osstfd10.ca](mailto:office@osstfd10.ca)) with your names. Please do so even if they are continuing. (Verify that they will continue next year or nominate if the position is vacant.)

I wish to thank everyone at OSSTF District 10, Branch Presidents, Officers, Health and Safety Representatives for making my responsibilities a very positive experience.

***Kristina Lee, Health and Safety Officer***  
***OSSTF District 10***
